

Southern California MX: Racetown 395

When it comes to dirt bike riding in Southern California you've got plenty options. One of our favorites is **Racetown 395**. Located off the 15 Freeway, near Hesperia, California, Racetown offers motocross riders a unique yet challenging layout making it one of our preferred spots to burn laps. Deep ruts in tight corners, fast sweepers, tabletops, doubles and triple jumps—Racetown's got it all.

Even better is how they're open five days a week, offering riders four separate tracks for riders to choose from: Vet, Pee Wee, Main, and Stadium-X track with the later being open as late as 10:00 p.m. Check out Racetown 395's website for the exact schedule and hours of operation.

To ride all you need to do is pay the \$20 gate fee and there is absolutely no membership fee. You're also welcome to camp overnight at no cost. This winter the track will be running a six round Winter Stadium-X race series run under the lights. If you're looking for a fun and affordable moto track, then Racetown is for you.
